FLEET IS SENT BACK

Camara's Ships Cannot Use the Suez Canal.

WATSON MAY BOTTLE IT UP IN CADIZ HARBOR.

Washington, June 24—Special—It is believed in naval circles that Commodore Watson's mission to Spain is not so much to attack the seaboard cities as it is to capture or destroy Camara's fleet. It is well known here that the vessels will not be permitted to pass through the Suez canal, as such a proceeding would be in conflict with Great Britain's neutrality policy. The Spanish fleet will therefore be compelled to return to Cadiz, the only port where it can find a safe anchorage. Perhaps Watson can reach the straits of Gibraltar in time to prevent the exit of Camara. If not he can easily blockade the Spanish admiral at Cadiz and prevent him from doing any mischief either by going to the relief of Manila or the West Indian fleet under Cervera. It is believed that Camara can be as securely bottled at Cadiz as Cervera is at Santiago. Watson's orders, however, are discretionary, and he can govern his movements according to circumstances.

London, June 28—Special—Late advices from Port Said state that the Spanish fleet is still there.

The Situation at Manila.

London June 28—Special—A dispatch from Madrid states that the minister of war has received an official message from Manila saying that the situation continues grave. The enemy is increasing in proportion as the provinces surrender. The Spanish losses by sickness are heavy. A large number of desertions of native troops are noted. The strength of the enemy is placed at thirty thousand, armed with rifles and a hundred thousand with clubs. Aquinaldo has asked Manila to surrender to prevent massacre when the city is taken, but the governor refuses. There is fear of a bombardment at present.

Fleet Will Turn Back.

Madrid, June 28—Special—It is now thought that Camara's fleet will be compelled to return to Spain. The refusal of coaling privileges by the Egyptian officials was unexpected. It will be impossible for the fleet to pass through the Suez canal without replenishing the bunkers, and folly to proceed to sea after passing through even if that feat was accomplished. Then, too, the fleet may be needed to repel the attack of Watson's ships upon the seaboard cities, said to have been determined upon by the Washington government. The fleet is looked for at Cadiz within a few days.

Russia Doesn't Like It.

Paris, June 28—Special—Considerable uneasiness is felt in St. Petersburg over the Spanish outlook. Russia is not pleased with the prospect of the United States taking the Philippines, and it is said will hardly brook an American incursion into Spanish waters. The sending of a squadron to bombard the Spanish coast might lead to serious consequences. The threat has already resulted in the exchange of views by the powers.

Correspondents Captured.

Siboney, June 28—Special—Edward Marshall, the newspaper correspondent, who was wounded severely during Friday's fight, is still in a critical condition with little hope for recovery. Two correspondents, one from Boston and the other from Cincinnati, were captured by the Spaniards.

Augusti Expects German Aid.

London, June 28—Special—A Manila dispatch says Gen. Augusti has issued a proclamation declaring that Germany would not allow the American fleet to bombard the city, and that the Germans will help Spain in driving the Americans out of the harbor.

Another Battle Expected.

Hong Kong, June 28—Special—A vessel which left Manila Friday has just arrived. It reports that the Spaniards have given up all idea of surrendering, and everything indicates another great battle within a few days.

TALKED TO RAILWAY MEN

Chairman Knight Talks to the Conductors in Janesville.

Many members of the Order of Railway Conductors met in this city Sunday at their hall, and listened to an interesting talk that was delivered by the chairman of the order, W. F. Knight, of Clinton, Iowa. Each year the chairman makes a tour of the different cities where the order is represented giving a brief outline of the work accomplished in the past and plans for the future. Chairman Knight is an interesting speaker, and his visit here was one of pleasure and profit. The local order is in a flourishing condition, and has at present about sixty-five members.

She resides at Durand, and has two children whom she has not seen in several years.

WILL DODGE BOLTS IN FUTURE

Enoch Taylor Does Not Like the Franks of Lightning.

Enoch Taylor, the well known colored man who resides on Milwaukee avenue, says that in the future he will keep a sharp lookout for all storms where lightning plays an important part. During the late storm lightning struck the northeast corner of the Taylor dwelling tearing away a goodly portion of it and finally lodging in the three adjoining trees. Mr. Taylor at the time was in the barn, but his wife who was in the house was badly frightened.

GOOD TEMPLARS GROWING

Talk of Establishing Another Lodge in Janesville is Heard.

There is strong talk in this city of organizing another Good Templar lodge. At a late meeting of the local I. O. G. T. the matter of forming another lodge was taken up, but nothing definite done.

W. G. Kildow, a prominent temperance worker, says that a movement for another lodge may soon be started, and that there is plenty of room here for another.

READY FOR THE SHOVELERS.

Northwestern's Sand Pit at Cary is Prepared for Use.

Contractor P. W. Ryan, of this city, has just finished a good job for the Chicago & Northwestern railroad in preparing the large sand pit near Cary, Ill. In four weeks' time his men cleaned 17,000 yards of space so that the large gravel shovels were able to take hold at once. Most of the teams and many of the men employed were from this city.

ORDERED TO THE CUBAN COAST

Lieut. Greene, of This City, Will Join the Squadron Soon.

F. E. Greene, of this city, who is a lieutenant in the United States navy, and who of late has been aboard the Alliance, off the Atlantic coast, has been ordered aboard the battleship Montgomery, which has recently been ordered to report at Key West prior to sailing for Cuban waters. The Montgomery has seen some lively times of late, and a merry time is no doubt ahead of her, as she is considered one of the best boats now in Uncle Sam's service.

CROWDS GO TO MILWAUKEE

Carnival Attracts Large Numbers From the City and Surrounding Country.

Milwaukee and its carnival was the attraction for a good sized delegation that left the city this morning with the intention of remaining through the greater portion of the week. Since Janesville has called her Fourth of July celebration off many from here are now planning a visit to the Green City the latter part of the week.

The morning train on the St. Paul road from Mineral Point was twenty minutes late today as the result of the crowds, and extra coaches were taken on at each town along the line.

WILL UNFURL THE BANNER

Chicago & Northwestern Will Raise a Flag at the Round House.

The Chicago and Northwestern railroad company will observe the Fourth of July in this city this year by the unfurling of a handsome flag on the large staff that now adorns their round house.

The exercises will consist of a well arranged program that is now in the hands of a committee who are at present keeping the matter to themselves in order to spring a little surprise when the proper time comes.

The local G. A. B. will take part and the exercises will take place at 9:15 a. m.

POINTS ON THE REVENUE LAW

Valuable Summary of War Taxes Issued By a Janesville Bank.

Cashier A. P. Burnham, of the Rock County National bank, has prepared a very convenient summary of the new war taxes, and had it printed on cards for general distribution. Those who have not received the cards can get them by applying at the bank. A clear understanding of the law is important, as bank papers and other documents not stamped according to the new requirements cannot be admitted in evidence in court, and the issuing of such papers is a misdemeanor.

CONSIGNED TO MOTHER EARTH

Obsequies of Miss Lulu Wilbur and Harold Flaherty.

Rev. E. H. Pence, of the Presbyterian church, conducted services this afternoon at 2 o'clock over the remains of the late Miss Lulu Wilbur. Services were held from the East Milwaukee street home, the floral offerings being numerous and beautiful. The interment was in Oak Hill cemetery.

SLOW IN PAYING LICENSES

Saloon Keepers Are Backward in Settling Their Accounts.

Local saloon keepers are taking their time this season in paying their licenses for the coming year. At noon today Isaac Connor, Charles Hermann and Elmer Main had made application, while Adam Holt and Philip Reus were the only ones who had put up the actual money. Several of the dealers have paid their \$25 state license. The present indications are that Janesville will have fewer saloons next year.

DANGERS IN THE WAY

March Upon Santiago Beset By Many Dangers.

DYNAMITE MINES AND BARB WIRE FENCES OBSTRUCT ARMY.

Washington, June 28—Special—The capture of Santiago is likely to prove a more serious undertaking than had been supposed. All the approaches to the city have been made nearly impassable by barricades of every conceivable description. Mines have been laid wherever possible, and will be exploded beneath the feet of the American soldiers. Rapid movements have been made impossible by the stringing of barb wire fences across the roads, and fields, and every hill and hummock has been fortified and can be used as breastworks for defense. The difficulties can be surmounted in time, but the delay may become irksome.

Kingston, Jamaica, June 28—Special—Cubans here report that all the roads near Santiago have been mined with dynamite by the Spaniards. Spanish officers expect to annihilate the advance force of the American army with the mines when the assault on Santiago begins.

Ready For Attack.

Off Santiago, June 28—Special—By tomorrow everything will be in readiness for the bombardment of Santiago and Cervera's fleet by the American land and naval forces. Gen. Shafter's troops are almost within rifle range of the Spanish outposts, and only await the arrival of the field and siege guns to begin the engagement. There are many obstacles yet to be overcome. The barb wire fences that obstruct travel must be removed, and this work will have to be done under fire of the Spaniards. It is also known that the highway has been mined and will be dangerous to traverse, but a corps of engineers is at work to explode or else render them harmless. Caution is required on every hand, as the underhand tactics of the Spaniards are fully understood. Every foot of the way from the present location of the troops to the city itself is full of deadly peril.

Did Good Work.

Washington, June 28—Special—The navy department this morning posted the following bulletin: Sampson reports that the Yale arrived yesterday and discharged her troops. They were the Thirty-third and part of the Thirty-fourth Michigan. Capt. Sigbee reports that while off San Juan on Wednesday the St. Paul was attacked by a Spanish cruiser and the torpedo boat destroyer Terror. The St. Paul hit the Terror three times, killing one officer and two men and wounding several others. The Terror got back into the harbor under difficulty, being in a sinking condition.

Santiago Has No Water.

Camp Savilla, June 28—Special—The Santiago water supply was cut off Sunday night by the American engineers aided by Cuban scouts. Nothing but cistern water is now available to the Spaniards. Gens. Shafter, Garcia, Wheeler, Lawton, Kent and Castillo held a council of war Sunday and decided to move on Santiago this morning.

Sailing Under Spain's Flag.

Washington, June 28—Special—There is a report under investigation that the Chilean cruiser O'Higgins has sailed from England under the Spanish flag. If Chili has sold her a full accounting will be asked.

Ordered to Embark.

Chickamagua Park, June 28—Special—The entire first army corps has been ordered to proceed to Tampa and Fernandina for embarkation.

Another Expedition For Santiago.

Newport News, June 28—Special—The third expedition to Santiago will probably leave here Saturday. Three thousand men will go.

Go to the Front.

Playa Del Este, June 28—Special—Shafter left Juragua for the front last night.

Washington, June 28—Special—It is stated that the president has decided not to send Miles to Santiago. Miles, it is said, will eventually go to Porto Rico.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

Afton, June 28—A social will be given under the auspices of the Ladies' Aid society at the home of Mr. and Mrs. J. B. Humphrey next Friday evening. A good program is being arranged, with music as the leading feature. Supper will be served. All are cordially invited. Children's Day exercises were held at the Baptist church last Sunday in place of the regular morning services. The program, "Gracious Calls," supplied by the American Baptist publication society, was presented, the address on the work of the society being delivered by Rev. Albert B. Newton, of Tonica, Ill. A collection was taken amounting to \$8.75. The church was decorated with a profusion of plants and flowers, while the stars and stripes were very much in evidence, blindingly with the floral decorations, and giving eloquent testimony to the patriotism that abounds. In the evening a large audience listened to Pastor McCaw's farewell discourse, which was a masterly effort and a fitting close to the labors of this eloquent young preacher here in Afton. Mr. McCaw graduated from Beloit college last week and will now take a course at the University of Chicago. It is expected that there will be preaching services at the church next Sunday as usual, as the church has a young man in view to take Mr. McCaw's place and have sent for him to speak next Sunday. J. B. Humphrey and Charles Blase, who are preparing for the erection of new barns on their respective farms, expected to go north after lumber for the structures, but upon consulting with Fildred Brothers, of Janesville, that enterprising firm gave them figures on their two loads of lumber that made a trip to the north woods entirely unnecessary. The lumber is expected to arrive here this week and work on the structures will soon begin. Rev. A. B. Newton, of Tonica, Ill., was the guest of his niece, Mrs. C. F. Walte, over Sunday. Mr. and Mrs. G. A. Crossman and daughters, Mabel and Jennie came down from Janesville to spend Sunday with Afton relatives.

North Johnston

North Johnston, June 28—During a terrible rain storm accompanied by terrible thunder and lightning Thursday afternoon James Godfrey had a cow and sheep killed. Mr. Shultz barn was struck and one horse knocked down. The telegraph poles between the school house and Hiram Bullock's were badly splintered. Mr. Harris windmill was struck and a part of the wheel demolished and George Churches' house received a close call, as a tree was struck only a few feet distant. Another fearful down pour came Friday night when more water fell than at any previous time this season. Miss Mae Steele left Saturday for a visit with her sister at Peoria, Ill. Mr. and Mrs. Warner Hadley and wife and Mr. and Mrs. Willard Morgan, of Cresco, Iowa spent the day, Tuesday, at H. B. Osborn's. A pleasant time was enjoyed by all present at the L. T. L. social at Eugene Cary's Thursday evening. Rev. J. C. Steele and wife returned Monday from the yearly meeting of Free Baptists at Fort Wayne, Ind. Mrs. A. O. Nixon, who spent a part of last week at the parsonage went to Milton, Friday enroute to her home at Cookville. H. Tooker's family spent Sunday with Mrs. Julia Young. A good program of exercises was given by Harry Palmers' school at the picnic Friday. Mrs. W. H. Newton and Mrs. Lewis went to Evansville, Friday for a visit with relatives. Mrs. O. N. Havens went to Milwaukee, Tuesday for a few days' stay with her sister, Mrs. Varum Price. Mrs. Lizzie Leonard is afflicted with mumps. Mr. and Mrs. George Church have just recovered from the same disease. Mrs. C. B. Palmer, of Whitewater, and her sister, Miss Rose Callison, were guests at H. B. Osborn's Saturday. Several from this place will attend the state convention of the Loyal Temperance Legion at Stoughton, Thursday and Friday. Mrs. Millie Goodger and Mrs. Lillian Aldrich visited at James Morton's at Johnston, Saturday. Mrs. Julia Wheeler has been spending a week with relatives at Lima. Remember the L. T. L. social at H. B. Osborn's Tuesday evening of this week. The next meeting of the W. O.

Thomas Goodger and wife enjoyed a visit from their father and mother, Mr. and Mrs. George Goodger, and Alfred Harris' family, all of Richmond, Monday.

Tiffany

Tiffany, June 27—The storm of Friday night was severe known for many years and Turtle Creek is booming. Grain in some fields is badly beaten down, considerable hay ruined, corn fields and tobacco plants washed heavily and very heavily injured. The lightning was extremely vivid but did no damage so far as heard from, except to trees, a good many of which are shivered. The damage done to crops, woods and bridges must be heavy, many small being destroyed, during the storm on Thursday. Andrew Bradt had a valuable cow killed by lightning. The creek at 10 o'clock Saturday was still rising and doubtless, the damage done above is heavy. It is now higher than it has been for many years. Hog cholera is raging in some of our farmers' herds, and is very fatal to the young stock. The storm has doubtless proved very destructive to chinch bugs, which were working badly in many fields of barley. Rock county men performed their part at Madison during the semi-centennial with credit to themselves and their county. The parade of the university was grand, and the best exhibition that could be devised of the strength and work of the institution. Many of our people attended the Beloit college commencement. Mr. P. H. Ralph, who has supplied the Congregational church pulpit the past year, graduated and goes to Yale college to complete the theological course. He received a scholarship valued at \$175 a year, with room. He is personally very popular in this community and his departure will be greatly regretted.

Milton Junction

Milton Junction, June 28—Mrs. Kittie Gesler, and son Clifford, will return to their home at Bangor, this state, on Thursday, after an extended visit with Mrs. Gesler's parents, Dr. and W. H. Oviatt. It seems that DeLoe Sprague will not go to the war as stated in these columns a few weeks ago. Mr. and Mrs. R. T. Dowsett have moved their goods to Milwaukee and are now at home in that city. Miss Margarette Waters went to Janesville Monday, for a visit of several days with friends in that city. Thomas Lormer, of Stoughton, was the guest of his brother and sister, John and Eliza Lormer, the fore part of the week. Mrs. Dr. A. S. Maxson and daughter Mabel, are visiting relatives in Milwaukee this week. Mrs. Deacon Wm. B. West completed her seventeenth year on Monday and it was made the occasion of a celebration at Oak Park, Clear Lake. Relatives and friends in large numbers were present in the afternoon, and Mrs. West gave entertaining reminiscences of her long and eventful life. The grand-children gave some very pleasing exercises, and old and young were delightfully entertained. Mrs. West was the recipient of many useful and valuable presents as souvenirs of the occasion.

Miss Mary Whitmore is visiting friends in the north part of the state. Rev. Wm. Taylor and family returned to Chicago Friday, after having spent a few days with Center friends. Mr. Esther Parnley expects to visit friends in California soon. Mr. and Mrs. Long entertained a large party of friends at their home on Saturday evening. Mr. and Mrs. Claude Smith started for their Nebraska home on Friday.

AN AFTERNOON RECEPTION:

Meantimes T. S. Nolan and F. S. Balnes Entertain Their Friends.

Meantimes T. S. Nolan and F. S. Balnes, were the hostesses at a ladies' reception which was given this afternoon at the spacious Prospect avenue home of Mrs. Nolan. The rooms were beautified by the display of cut flowers, and light refreshments were served. The hours were from 2 to 6, and the afternoon was most delightfully spent, reflecting much credit on those in charge.

COMBINE AT MILWAUKEE FOR MANUFACTURE OF GLUE.

It Embraces Nearly All the Leading Tanneries of the Cream City—Riotous Strikers At Oshkosh Will Be Prosecuted—Eau Claire Man Out For State Treasurer.

Milwaukee, June 28—Milwaukee tanners represented by Frederick Vogel of the Pfister-Vogel Leather company have formed a combination with the Diamond Glue company, of Chicago and are planning the erection of one of the largest and best equipped glue plants in the country. Two weeks ago a meeting was held and a temporary organization effected with Frederick Vogel as president. The concerns in the combination are the Pfister & Vogel Leather company, A. STRIKES THE PROSECUTED

Warrants Sworn Out For the Leaders in the Oshkosh Disturbances

Oshkosh, Wis., June 28—There is still a strike at Oshkosh. This afternoon about fifty warrants were issued and placed in the sheriff's hands for men and women engaged in the McMillen riot. They will be arrested as early as possible.

Only three factories started this morning—Morgan's, Paine's and McMillen's. Badford's failed to get any crew at all. The Morgan company got thirty two. There was a crowd of strikers about the factory but no violence. At Paine's the company reports a crew of 100 men. The McMillen factory and sawmill are running with light crews. The strikers say that no non-union men went back, and that some who had been at work before Thursday did not return today. They therefore claim a victory.

Organizer Kild, in his address at the mass meeting Sunday evening, used the death and funeral of Edward Morris to show that he was a victim of low wages, and that the men who paid him only 15 cents a day were responsible for his death. He criticized the chief of police for having the troops called out, and said that there was no necessity for such action, as the workmen had only thrown rotten eggs.

On the Burr Robbins' farm at the corner of Eastern avenue and the Beloit road, are now camped a number of gypsies who have several tents, wagons and horses. On a well made bed in one of the wagons lies a man who is dying as the result of dropsy of the heart. Throughout the day and night he is tenderly cared for by loving friends who realize his end is near. Attending physicians report that the man should under no circumstances be moved for to take him from town to town would mean certain death. The camp contains about a dozen men and women besides several children and from all reports they seem to be a respectable set.

PLANS "THE MACHINE."

A Fond du Lac dispatch to the Chicago Inter Ocean gives an outline of some of the plans of the LaFollette machine. The dispatch says:

"The declaration by the president of the Milwaukee Hoard-LaFollette club, that if Governor Scofield succeeded in getting the nomination he would be buried out of sight, confirms the statement made in the Inter Ocean a week ago that the Hoard-LaFollette men are sure to bolt unless they can name the nominees on the state ticket this fall.

"It is well known now that none of the present state officers below the Governor will be candidates for re-nomination, and so the fight of the Hoard-LaFollette element is centered against Scofield. These men are supplied with plenty of money from some source, and are lavishly expending it in their fight.

"A paper is being published in Madison which is recognized as being partly owned and chiefly edited by LaFollette. This paper devotes eight or ten columns each week to attacking the governor, and thousands of copies of it are distributed free and sent by mail to non-subscribers. The sample-copy privileges are being worked to their fullest extent, and considerably beyond their legitimate purpose. Wagon loads of the papers are being sent to different towns, and men are hired to distribute them in farmers' wagons as the farmers come in to do their trading. Owing to Hoard's acquaintance with the farmers, this is felt to be the most effective way to arouse a sentiment against Governor Scofield."

The dispatch closes as follows: "But it has become so apparent that the combination or machine controlled by Hoard and LaFollette are out for offices that their alleged principles are discredited.

"The democrats are watching the fight with a great deal of interest. They have not a ghost of a show with ordinary republican conditions but many of the democratic papers are urging Hoard and LaFollette on, hoping by this means to split the republican party. As stated in these dispatches a week ago, a split is sure to take place but a most careful estimate and calculation of the strength of the Hoard-LaFollette combination make it clear that they could not, under the most favorable circumstances, today carry more than 4,000 or 5,000 votes with them throughout the state. The bolt, therefore, that is sure to come, cannot very seriously affect the republican party."

All three Wisconsin regiments are likely to be in Santiago within a few days. The second and Third regiments, now at Chickamauga Park, have received orders, while the First, now at Jacksonville, Florida, expect orders at any moment. The Wisconsin boys have distinguished themselves in camp, and they will also distinguish themselves on the field.

El Imparcial, Madrid's leading newspaper, has quit abusing the "American pigs," and advises the government to sue for peace. The paper realizes that there is no hope of European intervention, and says Spain can make better terms if she depends upon American generosity. The Spaniards are beginning to regain their senses, it seems.

The attention of Col. W. J. Bryan might properly be called to the fact that the American people are inclined to think that there is something

wrong with the man who accepts command of and assumes responsibility for the lives of 2,000 soldiers when he knows absolutely nothing of military science.

A dispatch to the Chicago Inter Ocean says the LaFollette machine is expending money lavishly in its campaign. Yet these imitation reformers howl about the "use of money for corrupt purposes in political campaigns."

The Cadiz fleet is said to be at P. R. field, at the entrance of the Suez canal. If Admiral Camara is wise he will stay there, for if he gets within range of Admiral Dewey's guns he will certainly have to "swim for it."

Oskosh is not satisfied with the minority received because of the strike, and the announcement is now made that one of her citizens is writing an opera.

Hats off to Roosevelt's Rough Riders. They made a heroic record the first time they smelled powder.

AMUSEMENT OUT OF DOORS

Lawn Party At the McWay Home—Odd Fellows' Picnic.

At the summer home of Mr. and Mrs. James McWay on the middle road last evening, there was a delightful gathering of friends of the couple. The ground was tastefully decorated and brilliantly illuminated, and those present enjoyed themselves upon the lawn in such pastimes as suited them best. The Y. M. C. A. band furnished the music for the occasion, and F. E. Hardy gave a few recitations. Refreshments were served during the evening, and all present had a pleasant time.

The annual Odd Fellows' picnic is to be held at Crystal Springs Park on Thursday, July 1st. A feature of the day will be a series of out-door games, and dancing in the evening will conclude the day's festivities. The committee having charge of the picnic consists of James A. Fatherr, Charles W. Schwartz, Willard Coleman, Clinton D. Childs, Otto E. Smith, Jr., J. H. Parker, Walter Rice, Benjamin Plowright, L. T. Clark and S. C. Moseley. These names are a sufficient guarantee that nothing that will contribute to the enjoyment of those present will be found lacking.

FARMER'S TEAM RUNS AMUCK

After Making a Tour of the City It Was Stopped By a Cyclist

An unknown bicycle rider was the hero in a runaway incident this morning at 9 o'clock. Frederick Becker, of the town of Fulton, drove to town with a load of potatoes and stopped in front of Thompson's grocery on River street. While Mr. Becker was inside the team caught a glimpse of the ruins of the Klondike saloon and away the horses flew. After making a circuit of the business section of the west side they crossed over to the east side, up Main street and then out Bluff street towards their home. A lone cyclist gave chase and when out a mile succeeded in stopping the team.

Spain's Third Squadron Nearly Ready.

Cadiz, June 28.—It is announced here that the Spanish cruisers Victoria and Alfonso XIII. have left the arsenal and that the Caralea and Isla de Luzon are ready for their armament. It is further reported that an additional force of men has been ordered to be employed in order to hasten the completion of the armored cruiser Princesa de Asturias. The auxiliary cruiser Meteoro is said to have received her new armament and the armored cruiser Cardenal Cisneros is said to have left Ferrol. The Spanish officials express the hope that the third Spanish squadron will be ready for sea in five weeks. The military governor of Cadiz is mounting new guns and preparing additional defenses between Forts Rota and Candelaria, owing to rumors of a contemplated American invasion.

Troops to Be Sent to Cuba.

Washington, June 28.—The work of forwarding additional troops to Cuba is to be pushed forward until 10,000 more men are under Gen. Shafter's command. The Yale is due to arrive at Santiago today with the first division of 1,500 of Gen. Duffield's command and the Harvard will take 1,500 more, making 3,000 sent in a week. From Tampa 5,000 more are to be forwarded as soon as the transports arrive. The reserve supply will then consist chiefly of the big camp at Chickamauga, where 50,000 troops are encamped, the troops at Camp Alger and similar camps elsewhere.

DAILY ROUTINE OF CAMP DUTIES

ONLY THIS AND NOTHING MORE FOR SOLDIERS.

They Are All Praying For Orders to Move On Cuba—Rations Have Improved as the Result of a "Kick"—The Arrival of the New Recruits.

Camp Cuba, Libro, Jacksonville, Fla., June 24—The first batch of recruits arrived in camp yesterday morning. Their first impressions of camp life can hardly be the most pleasant, as it was one of our hottest days. But through the efforts of Quartermaster Sergeant Hill tents were procured and under his supervision the new men soon had their quarters ready. Their first drill was held this morning, Corporal Nott being in charge.

The last two days have been lively ones down town. Pay day Wednesday gave money to spend, and consequently the streets have been some hot times in Jacksonville.

Most of the unruly ones seem to have belonged to southern troops as I've heard, read of, or seen none of our northern men forgetting themselves.

Owing to hard times we have just passed through the boys will husband their salary, \$8.84 for the privates, to tide over until next pay day. Many of them are, however, figuring on a trip to St. Augustine. Soldier excursions are, every day, 50 cents for round trip, and Captain Hanson has given his consent to some going there each day.

Clothing issue continues. Most of the original companies have clothing, shoes and equipments. Socks and underwear are ready for issue and all is being rushed along. But still I see no immediate movement in prospect.

Private Reynolds is acting as orderly for the colonel, and sits quietly in the shade or runs a few errands. His other duty consists in saluting officers. This "snap," of course, makes Private Sheldon very "sore" as he walks his beat in the hot sun, to and fro, not fifty paces away.

Other guards are Pearl, Richard, Wheeler and Wolf.

Corporal Brown has charge of a brigade detail clearing up the timber around headquarters.

Lieutenant Blooded was in charge and Private Mason a member of water guard yesterday.

Sergeant Brown and Private Sims are in St. Augustine today.

Rations, owing to a very vigorous "kick" from about every soldier, including our colonel, have been decent again and it was not for General Hancock we would be living very happily. He is a "stickler" for having every man do his duty promptly and is not at all afraid of early rising.

Morning calls are very close together and men have to jump pretty lively to obey all the orders. Two First Sergeants have been under arrest and numerous officers have been reprimanded for slight delays, by reason of his being on the spot. We have so far escaped, and trust to be as fortunate in the future.

Musical Brown is musician of the guard today.

On complaint, one of our surgeons from Wisconsin is being court-martialed for neglect of sick in hospital.

The hospital staff has been sadly handicapped by lack of quarters and conveniences and medicines are very slow of issue. With Major, now Captain Evans in command, I believe all that can be done is being done and no charge of inefficiency will hold good. There is a falling somewhere, but I believe it lies with the government. I know that I've made no call for attendance that has not been promptly answered, although we've had but two serious cases of illness to be doctored.

Lieut. Blooded and Private Salzer are the last to follow the craze for shearing the crown of their head "a la" monk. Very cool but rather queer. Appearance "cut no low" here. The millionaire is the bum and the burr looks the best for the uniform is the same and must not be worn in any but the same way.

Privates King and Buchholz have been very busy building an ice box and chest for the good things exported from home when Lieut. Baldwin and Corporal Hall arrive with their detail.

Brigade Review was held yesterday afternoon, with Gen. Arnold acting as reviewing officer. It was very good.

A range is being built for the use of the entire encampment. It will be a very good thing as many of our men know absolutely nothing of actual rifle shooting, particularly at long range, when distance, light and wind must be considered. Private Prouse was detailed for work there yesterday.

Vaccinations are not, generally, taking hold. Some, but not many cases are reported where it is "working."

Letters from home churches and church societies are being received in camp, addressed to ex-members. The Y. M. C. A. and Christian Commission are keeping in close touch with the volunteers. Every brigade has an immense tent, for a meeting place, with games and reading matter and writing tables, as well as a stage for entertainments.

The battleship Oregon has made two world's records since the war with Spain began. DOCTORS DISCUSS DISEASE AND DOSES

ANNUAL MEETING OF THE MEDICAL SOCIETY.

Large Attendance of Physicians From Surrounding Towns—Papers and Discussions Were Interesting to the Profession—Election of Officers—Those Who Were Present.

The annual meeting of the Central Wisconsin Medical Society is in progress at the rooms of the Caledonian Society today. The attendance is quite large, and the interest manifested is general and prominent. On the arrival of the trains this morning a committee of local physicians met the visiting brethren at the depot, and escorted them to their chosen places of entertainment.

The forenoon session was taken up with papers and discussions on purely technical subjects of interest only to the profession.

At 1:30 o'clock a banquet was given to the visiting doctors at the Grand Hotel. The spread was a fine one, and if one might judge from the zest with which the physicians partook of it, they had no fear of dyspepsia before their eyes.

At the close of the dinner the election of officers took place, the following being chosen for the ensuing year: It was somewhat late when the afternoon session began. The discussions were quite animated, the papers learned, and a deep interest was manifested by all present.

The visitors will, for the most part, remain in the city over night, and will be entertained at the homes of local members of the fraternity.

The following visiting physicians were present:

J. T. Nye, Beloit.
J. M. Evans, Jr., Evansville.

THE COUNTY'S TALL FLAGSTAFF

It Now Surmounts the Court House and Will Be Dedicated Soon.

The new steel flagstaff on the court house was raised yesterday afternoon. It is ninety-four feet in height, and is anchored twelve feet in the building, leaving eighty-two feet in the clear above the roof. The cost of the pole was \$95. A 32-foot flag will float from its summit in the near future. There will probably be a public flag raising at which appropriate ceremonies will be held, arrangements for which will be made soon.

Four Bootblacks in Berlin.

Owing to the fact that it is one of the German servant girl's duties to shine shoes and that the porters attend to it at the hotels, there are few bootblacks in Berlin. In fact, there are but six—one at each of the leading depots. Their trade, of course, comes from arriving travelers. It is curious to see among the patrons of these bootblacks, who ply their vocation in the open, more women than men.

TRIBUTE TO MRS. PRICHARD

Minute Adopted by the Vestry of Christ Church in Memoriam

At a meeting of the vestry of Christ Church the following minute was adopted:

The death of Hetsy Ann Prichard having been announced to the rector, wardens and vestry of Christ Church Parish, in meeting assembled, they desire, on behalf of themselves and members of the parish to express their sincere sympathy with her surviving kindred, in this, their hour of great affliction.

We would fain offer better solace, but weak words and human sympathy are inadequate to console and we pray the Heavenly Father to vouchsafe His all sufficient consolation to uphold and comfort them.

To us the reflection that she bore faithful part in the church militant, and has now passed beyond the veil to the church triumphant, is most comforting. She witnessed and took part in the establishment of the church in Janesville, and was a devout and faithful member during all the years of her sojourn with us. The record of good accomplished by her christian walk and labors cannot be written by us, but we doubt not is written in heaven where, alone, can be given her just reward therefor.

Steadfast in faith, patient in trials, abounding in good works, she lived and died in the communion of the Catholic church, in the confidence of a certain faith and in the comfort of a reasonable, religious and holy hope.

To our Heavenly Father we commend her spirit.

Mrs. M. S. Prichard.

The remains of Mrs. Moses S. Prichard, which are now in Chicago, will be brought to Janesville, this evening, and the funeral will be held from Christ church, Wednesday morning, at 9:30 o'clock. The interment will be in Oak Hill cemetery beside her husband.

WEDDED TODAY AT EDGERTON

Frederick P. Grove and Flora M. Pomeroy Made Man and Wife

At 1 o'clock this afternoon at the Edgerton home the bride was performed the ceremony that united a husband and wife, Frederick Palmer Grove, of this city, and Miss Flora Marie Pomeroy. Following the ceremony came the usual hearty congratulations from relatives and intimate friends.

The bride is the daughter of Mr. and Mrs. Orrin Pomeroy and is a most worthy young lady who is held in the highest esteem in Edgerton. Here she has made her home for a number of years.

The groom is a painter by trade and is entitled to the best that the world affords. He is the son of Mr. and Mrs. Benjamin Grove, 154 Western avenue and is possessed of a host of warm friends who will extend hearty congratulations. Mr. and Mrs. Grove will make Janesville their home.

Children Are the Greatest Imitators.

All their efforts are directed towards imitating the actions of their elders or superiors in some way. This is the secret upon which the inventors of toys work; they make in miniature everything that grown people employ, in the use of which the little ones find the greatest joy. They want everything, real, true, such as they see used by the grown-ups. So that a certain little girl declared she wanted a real live doll—one that not merely could shut her eyes when going to sleep, but had hair that would come off and go on!

Emerson speaks of the refined air and manner of English children of the better class; but he takes little notice of the opposite sort. A lady, speaking of the rude behavior she found among the Yorkshire people, said that one day, as her carriage was approaching a gate, she saw a little boy suddenly run forward and open it, in order to let her carriage pass. Pleased with the politeness of the boy, she dropped a six-pence into his hand as she passed, and said: "You are not a Yorkshire boy, are you? 'Thort a liar, I be!" was the conclusive answer.

HEIRS OBJECT TO CLAIRVOYANT BILL

JUDGE SALE HEARD INTERESTING CASE TODAY.

Matter Was in the Estate of the Late J. D. Holmes—Heirs Claim That the "Doctors" Bills Were Too Large—Case Argued By Attorneys.

In the county court today Judge J. W. Sale heard a most interesting legal matter involving the estate of the late J. D. Holmes. The issues of the case were the objections made by interested heirs to the payment for certain medical treatment as performed by G. Webster and E. Tracy Brown, both of this city.

Do Not Like Clairvoyance

According to the evidence it appears that several weeks prior to the illness of J. D. Holmes the services of "Dr. Webster and Brown were secured and by faithful work on their part Mr. Holmes seemed to rally for the time being. Messrs. Brown and Webster are both firm believers in the clairvoyant method of treatment, and it was this service that was given their patient through his entire illness. Mr. Holmes died, and several weeks after his death, Mr. Webster presented his bill amounting to \$155.75, and Mr. Brown his amounting to \$80. Heirs now object to the payment of these bills, on the ground that they are too high in price.

"Dr. Brown and Webster have secured the services of Attorney E. D. McGowan, while E. F. Carpenter appeared in behalf of the estate.

LATE NEWS BY TELEGRAPH.

DEWEY READY FOR ACTION.

Prepared to Reduce the Defenses of Manila.

SIGNIFICANT ACT OF GERMANS.

Her Warships Salute the Spanish Flag—The Entire Asiatic Fleet of the Kaiser Is Gathering in the Harbor of Manila.

With Admiral Dewey's Fleet, Manila Bay, June 23 (via Hongkong, June 27).—The cruiser Charleston and the troopships from San Francisco are expected to arrive here today, in company with the Baltimore, which sailed to meet them some days ago. It is expected that their arrival will be followed soon by a movement against Manila on the part of the American forces. These active operations, it is believed, will begin early next week.

In the meantime the Spanish authorities are strengthening the defenses of the city and are preparing for an obstinate resistance. They have plucked up courage from the remarkable concentration of German warships in the bay. The newspapers of Manila say that the friendliness of Admiral von Diederichs has created a feeling of complacency throughout the city, the people believing that a bombardment will be averted by the interference of the Germans if Admiral Dewey undertakes to reduce the defenses by shelling the garrison.

Germany's entire Asiatic fleet is gathering here. The Kaiserin Augusta, the Kaiser, the Princess Wilhelm, the Cormoran and the Irene have already arrived and the Deutschland and the Gefion are expected soon. These represent the entire German fleet on the China station, with the exception of the Arcona. The transport Darmstadt will arrive today with relief crews for the German ships. The Germans on their arrival fired salutes in honor of the Spanish port. This is something which neither the English nor the French commanders have done. The object of the demonstration is unknown. It is not surprising that the Spaniards find hope in the attitude of the Germans.

Two English warships, the Immortalite and the Donaventure; two French warships, the Pascal and the Bruix, and one Japanese warship are here.

On June 15 the insurgents captured San Fernando and Macababe, after desperate fighting, in which sixty Spanish were killed, including Gen. Ricardo Monet. Over 1,000 Spanish soldiers were taken prisoners as the result of the capitulation of these two towns. This battle caused the complete overthrow of the Spanish forces in Pampanga province.

Senora Augusti, wife of the Spanish captain-general, and their five children, who were captured by the insurgents some days ago in the interior, will be brought to Cavite, where they will have safe keeping under the protection of Gen. Aguinaldo. Admiral von Diederichs, commanding the German squadron, unofficially requested their liberation. Aguinaldo refused this request, basing it on the necessity for holding the lady and her children as hostages to insure the insurgent prisoners in Manila against Spanish cruelty. On the request of Mr. Walker, the British consul, Aguinaldo has delivered up 185 wounded Spanish soldiers, who were prisoners in his hands, to the care of Spanish surgeons in Manila.

All the warships in the bay were dressed in holiday hunting last Monday, on the anniversary of Queen Victoria's accession to the throne, and salutes were fired in her honor.

RUNNING THE WAR.

General Miles to Sail for Southern Cuba with 15,000 Men.

Washington, June 28.—Decisions were reached by which from 10,000 to 15,000 men will be embarked for southern Cuba on Thursday, and Gen. Miles will probably take personal charge of the campaign in Santiago province. From now on there will be, according to the plans of the army administration, a constant movement of troops to the front. As fast as the troops are withdrawn from Tampa and other points of the coast of Florida, new regiments, brigades and divisions will be sent forward from Chattanooga and other points to take their places. These troops, in turn, will be embarked as soon as transportation and outfit can be provided for them.

Nothing but an accident will prevent the embarkation of the projected expedition to southern Cuba on Thursday next, and there is no reason to doubt that the number of men composing it will be at least 10,000. It will embrace a large part of the Fourth army corps, Maj. Gen. J. J. Coplinger commanding, and the orders to the commanding general have already been issued. The ordnance, quartermaster general's, and commissary general's departments have made all necessary preparation for the embarkation, and the troops are said to be well fitted for an active campaign.

The divisions commanded by Gens. Schwan, Snyder and Lane will be included in the expedition. In these divisions is included the First Illinois volunteers.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

The nose and nose race for first place in the league standing is becoming closer every day. Yesterday saw the two top clubs of the first division defeated and the three bottom ones—among them Chicago—successful. Pittsburgh again beat Boston by a shut-out score. Cincinnati once more found Washington too tough a proposition. Baltimore and Chicago had easy victories, the former getting two. Cleveland could not play on account of rain. These six clubs are closely bunched. Cincinnati may gain somewhat today from its double-header with the Browns. Wet grounds prevented the Louisville-Philadelphia game yesterday. Yesterday's games:

At Chicago—Chicago.....1 1 4 0 1 0 2 0 *—9 Brooklyn.....0 0 0 0 0 0 3 0 1—1

At Delphos thirty cases of smallpox have been reported, and five have developed at Van Wert.

Naval Portfolios Free!

We have made arrangements whereby we are able to offer a splendid set of portfolios of our Navy, each containing 16 to 25 beautiful half tone naval views, 12x14 inches, printed on heavy art paper.

One of These Portfolios Will Be Given

:: FREE, WITH EVERY 25 CENTS' WORTH OF ::

"CUBA LIBRE" SOAP.

This Soap is one of the Allen B. Wrisley Co.'s best makes and sells 7 bars for 25c. At this price, without the portfolio, it is a bargain. The Naval Portfolios which are free with every 25c worth of "CUBA LIBRE" Soap are totally different from any others at present on the market. They do not contain old second-hand photographs of scenes in Hawaii or Cuba; but are confined entirely to appropriate pictures of our different cruisers, battleships, gunboats, etc., with full descriptions of all their important features, giving their cost, equipment, date of commission, number and size of guns, number of officers and men carried, etc. They also contain views with descriptions of the best Spanish boats. The present war has developed an unusual interest in our Navy--the best in the world--and it being so largely a naval war, these portfolios will do much to follow war news intelligently. The entire set will make a splendid acquisition to any library. Each portfolio is worth 25c to buy, but we give you one free with each 25c purchase of "CUBA LIBRE" Soap. Every man, woman and child is interested in Sampson's, Schley's and Dewey's magnificent war ships. With these portfolios the action of each ship can be more fully appreciated. First come, first served. We can't tell how long they will last, so don't delay securing them. One folio with each 7 bars or 25c worth of "CUBA LIBRE" Soap.
